

IK Spring School Interdisciplinary College

for sponsors

Essential Information

A long-standing international community at the intersection of science, technology, and society

Since 1997, IK has brought together students, emerging scholars, and established researchers from across countries and disciplines to explore cognition, AI, neuroscience, and related fields.

the event

IK is an **eight-day international spring school** focused on understanding **natural** and **artificial cognition**. It connects perspectives from cognitive science, AI, neuroscience, robotics, computer science, biology, linguistics, medicine, philosophy, and beyond. To give researchers access to this breadth of topics, and to give them access to the latest developments in those fields, we bring together around **200 participants** annually.

**8
days**

Intensive courses,
panels, discussions, and
networking across
disciplines

**100%
international**

A diverse academic
community from across
countries, disciplines,
and career stages.

**since
1997**

A long-standing international
spring school connecting
disciplines, generations, and
research communities

sponsorship tiers

Choose how to engage with IK: from supporting access and exchange to gaining visibility in an international research community

support access €1,500 sponsorship package	recognition in open and closing ceremonies, placement on the donor wall, website logo placement
build visibility €5,000 sponsorship package	1 complementary registration, small logo on conference materials + website, branded material in welcome package, career panel participation, recognition in ceremonies, donor wall max. 5 sponsors
connect directly €10,000 sponsorship package	2 complementary registrations, medium logo on conference materials + website, recruiting booth at career panel, roll-up in the central area, custom event for participants ("IK Hacks") max. 3 sponsors
shape impact €30,000 sponsorship package	3 complementary registrations, large logo on conference materials + website, recruiting booth at career panel, 15 min presentation at career panel, roll-up in the central area, scheduled lunchtime networking event, exclusive lecturer dinner max. 1 sponsor

All tiers include recognition in opening and closing ceremonies and placement on the donor wall. Higher tiers add recruiting touchpoints, sponsor visibility, custom participant events, and exclusive networking formats.
